## BROTHERS

### 1981

### EDNA VALLEY

### CHARDONNAY

THIS WINE PRODUCED AND BOTTLED BY MARTIN  
BROTHERS WINERY, PASO ROBLES, CALIFORNIA.  
ALCOHOL 13.3% BY VOLUME. B.W. # 5057.

Despite the spectacular heat widespread in California during the summer of 1981, these Chardonnay grapes harvested from the sea-cooled Edna Valley were picked at normal maturity late in the season allowing for the full attainment of a rich varietal character. With a fairly high acid of .86 g/100 ml. and moderate alcohol of 13.3% by volume, we believe this wine is an excellent partner with food and a fine example of a rich yet subtle Central Coast Chardonnay.
